FINGER BOARDS AND HITCHING POSTS

The Latrobe Bulletin takes notice that Monessen is becoming a live town, and through the civic activity of some of its people, times in the future look better. Strange as it may seem there is not a hitching post in the town and not alone that, but there is not a board on any of the adjacent highways telling people which way to come or how far it is to the real live industrial city of the Monongahela valley, but these things are all coming about and before the summer is over there will be much doing and everybody that travels along the road will know just how far it is to Monessen, and when they get here they will have a place to hitch a horse. The Latrobe paper very truthfully remarks:

Though Monessen is a new town, comparatively, one would have thought it old enough to have learned what a sign-board is and what a hitching post is, long ago.

But it is actually a fact that in Monessen, hustling, wide-awake town that it is said to be, the business men are just beginning to find out how a hitching post is made, and how a sign-board, reading "three miles to Monessen," or "five miles to Monessen," looks when it's erected at the corner of a cross roads.

Monessen never learned these things before because Monessen never had any occasion to learn them. No one could drive into the town, so there was no need of a hitching post at which a visting farmer might tie his team while he visited the banks or the stores. Only impassable highways led into and out of the borough, so there was no incentive to put up sign-boards at the cross-roads.

But of late Monessen has been paying some attention to the neighboring roads. It has been seeking county highways from the commissioners and it has been using its influence in having improvements made by the adjoining township supervisors with the result that Monessen today, finds itself in need of hitching posts.

And when a town needs hitching posts, you can bank on it that that town is moving along.

Latrobe has use for hitching posts, as it is, but if Latrobe had a good road to emanate in other directons, making it possible and enjoyable for those living in the country roundabout to drive to their neighboring town, there to hitch their horses while they seek recreation or business.

A hitching post is a sign of a town's prosperity. It's a sign that the man from the country is coming for what he needs, instead of dropping an order for it in his mailbox, addressed to the Sears-Roebuck Company.

SQUABBLE IN COURT OVER OLD AN FARM

A case of considerable interest to many in and about Monessen is now being heard in the Greensburg courts. The case came up yesterday before Judge McConnell, and the matter in question is the straightening out of a disputed title to a farm of about 108 acres located in Rostraver township, a short way back of Monessen. Zaccheus Scott is the plaintiff and Allen Williams and others are the defendarts, and the action consists of a writ of ejectment. The trouble started away back in 1871 when the farm was purchased by both litigants. The title remained in their possession until 1878 when there was a sale and a quit claim deed made. Other trouble thickened and clung to the farm such as a mortgage and purchase money. The defendants lay claim to the farm by right of adverse possession. Attorneys Paul H. Gaither and Charles E. Whitten are counsel for Mr. Scott and Attorneys E. E Robbins and A. M. Wyant are counsel for the defendants.

REVIVAL SERVICES FOR COMING WEEK

Beginning next Sunday, March 3d. revival services will be held in the First Presbyterian church under the direction of Evangelists M. B. Houck and Pete Porter. A special chorus will do the singing under the direction of Prof. I. T. Daniels. Mr. Porter is well known to Monessen people, having been associated with the evangelistic work just closed at the opera house, and Mr. Houck, a native of Finleyville, Washington county, is a man well versed in evangelistic work. Everybody is invited to attend these meetings which will be at 7:45. The meetings will continue two weeks.

POLICE COURT DOIN'S

The police court presented a busy scene this morning from 9 o'clock until 1:30 this afternoon. Burgess Reamer was busy with the cases left over from Saturday and Sunday. In disposing of the case against Catarino Rosacie and Carmelio Ferro, the Burgess imposed a fine of $15 on her and one of $50 on him and they were to pay the costs of the case. The fine was paid.

The treasury is just an even hundred dollars ahead by the non appearance of the proprietor and visitors of the alleged gambling house on Fifth street.

Three Finns who gave their names as Torri, Neimi and Niumaki were given a fine of $15 and costs for creating a disturbance and fighting at a Finn boarding house about 11 o'clock Saturday night. Torri, it seems, is in bad shape and both the other participants show outward signs of having had too much of something inside at the time of the fight.

George Albert, the five-months' old son of Mr. and Mrs Albert Nutt of Lockview at West Monessen, died at 5:30 Saturday evening of pneumonia, and the funeral was held from the home of the parents at 2 p. m. Monday, interment in the Charleroi cemetery.

MONESSEN GETS FIRST REDUCTION SOUGHT IN FIRE INSURANCE RATES

Word has just been received from the Middle Department ot the Underwriters' Association at Philadelphia that the long looked for "deficiency changes" have been granted this town. thus reducing our fire insurance rate from 20c to 18c which is very gratifying to property owners as there has been much effort made along this line during the past few months.

It has been some time since Charleroi and Donora by complying with the Underwriters' requirements procured quite a liberal reduction, and it is along the same lines pursued by these towns that Monessen has been laboring, and this is only the first concession gained as a result thereof.

There was some changes required of the East Side Land company and they have been doing all possible to comply with those requirements and it is possibly through this to a great degree, that this small reduction has been made.

The Board of Trade has also been active and has been instrumental in having much done that has helped to bring about the insurance adjustment.

However, a considerable further reduction is desired, and it is really necessary for the benefit of property owners, and by a continued united effort along practical lines this reduction is promised by the Department.

The Board of Trade, the Fire Department, Water Company and all others having an interest therein should get together and work toward complying with the Insurance Departments rulings governing such matters. We'll get the further reduction just as soon as certain things are done. So it behooves us to not stop, but push ahead and do that which is required, and in the end we'll be the beneficiaries.

MONESSEN MAY BE REPRESENTED IN MEET

The Monessen A. A. will probably send a team of six men to the Third Annual indoor meet being held under the auspices of the Pittsburgh Athletic Associaton at Duquesne Garden, Pittsburgh a week from next Saturday evening. The team will consist, it is thought, of the following named men: Lane, Eller, Bumbaugh, Manown, Price and Lerman. They will be entered in the 50, 100, 220 and 440 yard dashes and relay race.

Donora Skating Rink to Open

In a boys' race a purse will be given the winner. Manager Davenport is a practical skating rink manager, he owning also, a large rink in McKeesport. His assistant, Mr. Reynolds is well-known in Monessen, he having at one time managed the big brick rink on Schoonmaker avenue. It

PRAISE FOR THE DOWNTRODDEN JEWS

At a special convention held in New York City yesterday a subject of vital interest was discussed.

A prediction that the next century will see nearly all of the 11,000,000 Jews of the whole world on American soil, was made by Sheriff Julius Harburger in an address before delegates from all parts of the country gathered Monday for the annual meeting of the executive committee of the Free Sons of Israel. Arrangements were considered for the quinquennial convention of the entire order at Rochester on May 19.

In reviewing the history of the order since its inception in 1849, Sheriff Harburger spoke of its benefactions and its remarkable resources. There were but 3,000 in the United States when the first census was taken, he said, and today there were 2,000,000. Every land which has persecuted the Jews, he said, had fallen into decay and he lauded the action taken by the United States in abrogating its treaty with Russia in order to impress that "barbaric nation" with a lesson of justice to Jewish-American citizens.

DONORA ALSO HAS LIVELY DOIN'S TOO

Monessen is not the only place that is receiving a little extra notice from the police. Over in Donora on Sunday evening a gambling house and two alleged disorderly houses were raided and more than a score of inmates captured by Chief John Rager and his men.

Mr. and Mrs. Charles Fritt who conducted a bawdy house on Thompson avenue were unable to pay a fine of $20 and were forced to spend 25 days in jail. Mrs. Levina Frances, whose house is located on Meldon avenue, when given the choice of a $25 fine or 30 days in jail, chose the latter. In the raid on the gambling den, 12 visitors were caught, all being found seated around a table that was covered with hundreds of dollars. These all paid stiff fines and were released.

Do you use Hydrogen Peroxide?

The American market is flooded with different makes of Hydrogen Peroxide, sold at all sorts of prices. The Parke, Davis & Co. brand has been proved to be 30 per cent stronger than others on the market today. At the end of nine months it loses in strength only .06 per cent. The others lose from 1 to 64 40 per cent It certainly does not benefit a man who purchases Peroxide at a low price, for he has little more than ordinary water in the bottle after the lapse of three or four months. We have on our shelves some cheap stuff, and then we have the best—Parke, Davis & Co.'s.

Politically, all eyes are turned toward Monessen. It is generally known that this town stood at the head of the Republican column at last fall's election. It was important for some of the candidates, that there was no desire to split the ticket and some of those who were defeated have no quarrel with this town. Of course it is only natural that at the approach of another campaign candidate, should be interested in knowing the status of affairs in this town. Some times it is pretty hard to cast aside friends in order to go along with a town movement but we should not lose sight of the town's best interests in choosing men for public office so that we can get our share of the good things as they are passed around. It is only since becoming a unit on issues which involve politics that we are able to get results. The campaign is an important one, in that state officers are to be chosen. We elect law makers, congressmen and senators and the best of care should be exercised to select men who are qualified for the high offices which they must be filled. Personal feelings should be cast aside and fitness should be the measure and Monessen should help the best men to win and we should act as nearly a unit as possible.

Anent the inclement weather we have been having the last few weeks, it would not be amiss for the parents and guardians of children who have to go out in the rain, slush and snow on their way to school or work — and this warning applies to even the parents themselves, to see that they are sufficiently protected from the ravages of pneumonia and other similar diseases. It has been proven that almost eighty per cent of all pneumonia cases can be traced back in some way to gross neglect on the part of the people themselves. This is a matter brought home to us more forcibly if we but stop to consider, that almost seventy per cent of the children under six years of age who have died in this community since last November, have been taken away by pneumonia, and in the majority of the cases simply because the child has not received the proper care and attention at home. Several good maxims to follow in cases of this kind are: to keep the feet dry and warm, the chest protected, stay away from draughts as much as possible and breathe plenty of pure fresh air.

We have now entered upon that season of the year when the members of one of our most powerful religious denominations stop in the rapid onrush of business and social life and put on sackcloth and ashes, metaphorically speaking, and in all sincerity and obedience to their sacred teachings, withdraw from the frivolities and secular pleasures of life. The custom is fruitful of good with all who observe the Lenten season with all honesty and sincerety and an intent to gain all the spiritual help possible therefrom.

With the melting of the snow on our streets and the settling of the dirt that has accumulated on the packed snow for some time it would not be a bad idea for the street department to consider favorably the matter of flushing the streets with the hose. This has already been done once this year but in the interests of health and civic pride this work cannot be limited to a certain number of times, and now is the time when a little activity in this direction will prove of a great benefit to the community.

If as much effort had been spent in this county cleaning out some of the so-called vice as was spent trying to send Sheriff Shields to the pen, a lot of officials would stand higher in public estimation and Westmoreland county would be better off.

Where are all the fellows who aspire to have "Hon." precede their names? We can't find anybody who wants to go to the Legislature. Law making doesn't pay as well as shoemaking these days, it seems, for there are lots of shoemakers.

PROGRESS ALONG WESTERN MARYLAND

According to advices from Connellsville this last week, the road bed on the Western Maryland's new line between Cumberland and that place is completed, all but a little over a half mile of tunnel work at Mt. Savage. It is believed that by March 15 the line will be ready for traffic. The tracks at present have been laid to a point just south of Connellsville and it is only a matter of a few weeks until connections can be made with the Yough branch of the Pittsburgh and Lake Erie.

The inaugural trip is to be made by a special about March 18, with President Robinson, officials of the road and invited guests as the passengers. No passenger trains will be operated at present but as soon as the road bed settles, local trains will be put on, followed by through trains from Pittsburgh to Baltimore and the east. It is thought that ultimately the Western Maryland will gain access into New York through connections on its various lines.

The line is graded for double track from Connellsville to Cumberland although the double tracks have only been laid from Cumberland to the Mt. Savage tunnel so far. The distance between the two points just connected is 83 miles.

It will be late in the summer before the branch from Dickerson Run to Fayette City will be completed although the work is progressing at a rapid rate, two construction forces are now working toward each end. At present, it is not known definitely as to what the plans of the railroad company are in regards to the operation of trains over this branch. On good authority, it is believed, that for the time being we will not get the benefit of the through train service that is to be inaugurated between Pittsburgh and Baltimore.

The reason advanced for this is that the Yough branch is better able to take care of this increased traffic than the Monongahela branch, because of the limited amount of trains now running there in comparison to the congested condition of this division. Eventually Monessen may have some passenger trains through, but coal, coke and heavy freight traffic is all that is to be hauled over the Fayette City branch when completed, according to the information. This will save a haul of 30 miles to McKeesport and 38 miles back up the Yough to Dickerson Run, a total distance of some 68 miles that is made by the cut off.

Tom Eck and his racing bicycle girls present a novelty act introducing bicycle racing on the stage. Good time was made in the races that were held last night. Any man or boy who can ride a bicycle and wants to enter a race can do so by handing his name in at the box office. Ed Malle in a black face monologe kept the large audiences in a continual state of laughter with his droll sayings and concluded his act with the big song hit "I'm Going Crazy," Petching Brothers in their musical act "The Flower Garden" are among the best musicians that have ever appeared before local audiences. The setting of the act is very unique and even the rose bushes and flower pots pour forth music when manipulated by these two clever artists. The bill closes with a good moving picture. 1t

The Luna

Friday and Saturday of this week the management of the Luna theatre has secured at an extra expense, two of the greatest productions in moving pictures ever exhibited. "The Danites" which is to be shown on Friday, is in two reels and gives an excellent picture of frontier life in the early days. 500 cowboys and 20 prairie schooners are to be seen in this magnificent picture. On Saturday "Foul Play," owned and controlled exclusively by the Feature Educational Film Co., of Cleveland, will be shown. This picture is complete in three reels and tells one of the most interesting stories that could be imagined. A young man in college at Oxford receives a loan; unable to repay it, he is forced to forge his father's name to a check and thus the youth is led farther and farther into evil, but he finally rights himself, and to find out that part, visit the Luna. "Where the best people go.

With each five cent admission to our theatre, you will receive a Hamilton coupon which may be exchanged for S. & H. green trading stamps or be exchanged at the local premium parlors for valuable and useful premiums. Don't forget this offer, tell your friends. 24-2t

Miss Florence Austin is a Pittsburgh visitor this afternoon.

Arrested For Admitting Boys

One pool room proprietor, Harry Barbaras of Burgettstown is under arrest for allowing minors to frequent his place of business. The notice recently issued by Burgess Reamer of Monessen along this line has been productive of good results, inasmuch as only one man has been drawn over the coals thus far. However it is well for officers and citizens to keep a watchful eye, as the temptation is great and there's lots goes on behind blinded windows that should not.

Sold Much Liquor Illegally

An interesting little story of violation of the liquor law comes from California. John Bayoss is in the Washington jail and it is said he supplied any and all comers—women, boys, girls and inebriates—and he had no aversion to taking money in exchange for liquor on Sundays either. His supply came from Pittsburgh, Homestead and other points. It was first put in various sized jugs and then barreled. It is said that Bayoss got a good remuneration from the liquor people as well as a ten dollar rake-off for each hundred dollars' worth of the ardent that he disposed of.

Back Gives Out

Plenty of Monessen Readers Have This Experience.

You tax the kidneys—overwork them—

They can't keep up the continual strain.

The back gives out—aches and pains;

Urinary troubles set in. Don't wait longer—take Doans Kidney Pills.

Monessen people tell you how they act.

Mrs. F. W. Schadwald, 634 Reed avenue, Monessen, Pa., says: "I know that Doan's Kidney Pills are a good kidney medicine for they have been used by my relatives and have proven of the greatest benefit. About two years ago I began to suffer from a pain in my back and being told that I had kidney trouble, I got a box of Doan's Kidney Pills at the Hirsch Drug Co. They helped me from the first and before I had taken them long the pains and other difficulties had been removed. Doan's Kidney Pills certainly live up to the claims made for them."

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged.

This—the quality of penetrating—probably explains the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D. D. D. Prescription.

We have sold other remedies for skin troubles but none that we can recommend as highly as this, for we know that D. D. D. stops the itch at once. We can give you a trial size bottle for 25 cents that will be enough to prove it.

Of course all other druggists have D. D. D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute.

But if you come to our store, we are so certain of what D. D. D. will do for you that we offer you a full size bottle on this guarantee:—If you do not find that it takes away the itch AT ONCE, it costs you not a cent. Craig's Drug Store.

FOR AGED PEOPLE

Old Folks Should Be Careful in Their Selection of Regulative Medicine

We have a safe dependable, and altogether ideal remedy that is particularly adapted to the requirements of aged people and persons of weak constitutions who suffer from constipation or other bowel disorders. We are so certain that it will relieve these complaints and give absolute satisfaction in every particular that we offer it with our personal guarantee that it shall cost the user nothing if it fails to substantiate our claims. This remedy is called Rexall Orderlies.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity. Three sizes, 10c., 25c., and 50c. Sold only at our store —The Rexall Store. Craig's Drug Store.

RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage, a Simple Remedy for Dandruff, Falling, Faded, Gray Hair.

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy, and gradually restored the natural color.

One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days, on account of souring quickly. This objection has been overcome, and by asking almost any first-class druggist for Wyeth's Sage and Sulphur Hair Remedy the public can get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair, but will also stop the hair from falling out and make it grow.

Get a bottle from your druggist today. Use it and see for yourself how quickly dandruff goes and gray hairs vanish.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.
